

# FRESH, ICONIC, STYRIAN

## International Cartoons & Wacky Delicacies

„Wo i geh und steh, is' oafoch sche!“

"Where I go and stand, it's simply beautiful land!"

„Who is who? , Vastehst mi du?“

"Who is who? 'Understands me you?"

The Dirndl and the Lederhose, good wine, crisp, juicy apples, the Styrian dialect, or the archduke Johann Jodler. So many wonderful things stem from the beautiful, green region of Styria. Over 100 artworks made by 20 artists from Austria - with and without Styrian roots - and other countries will be featured at the "Art on the Steinberg" exhibition.

Learn about newest findings on the super-strength of pumpkin-seed oil, the Austrian eagle of the wine region, what "Styria" also stands for, or how Adam and Eve felt in Styrian paradise.
